Mr. Lewis B. Thurston, III
New Jersey Senate
State House
Trenton, New Jersey 08625

Dear Lew:

I thought the enclosed summary of the 1974 transition budget might be helpful in your review of transition needs. There is \$150,000 appropriated in the current budget for transition expenses. While it would appear that this should be more than sufficient for the current transition, I am certain that the Legislature would act promptly to meet any additional requests.

I also have in my office floor plans for the renovation of Drumthwacket. If you would like to see them, please stop by. We have been advised that the renovation is proceeding on schedule, and that there should be no problem in having the mansion ready by Inauguration Day.

Sincerely,

DONALD LINKY

Governor
